A rare and unique opportunity to hear a fascinating fact based story. \$40 billion invested with more than 1800 deals between 2004 to 2009 in India. In the period 2010 to 2015 India is looking to absorb \$75+ billion. A gripping research study led by our esteemed speaker, founder of IDG Ventures India and an able research assistant, have done extensive modeling on the history and future VC/PE scenario.

We are pleased and honored to invite you to an exciting **Members** dinner meeting to meet, greet and listen to this very interesting investment and exits story. This is a not-to-be missed enlightening event. Our speaker is a prominent India venture capitalist with a deep insight into Indian investment arena with many years of experience and expertise. Red herring recognized our speaker as one of the leading venture capitalists in India.
